

Oracle PCMCS Assessment Workshop

Key Features

- + Establishes a clear direction to address from the top down
- + See current trends and learn how leading organizations deliver value with profitability & cost management solutions
- + Transforms your current state allocation-based business processes
- + Modernizes your profitability and cost management solution

Key Benefits

- + Gain insight on how to integrate and leverage your current technology investments
- + Provides written recommendations for future state initiatives
- + Develop a high level implementation roadmap with cost estimates

Are your allocations getting the better of you?

Whether you are in Finance, IT, or a Line of Business, the pain of a faulty allocations process can be heard loud and clear. Allocations are critical to multiple performance management activities, including management reporting, product and customer profitability, shared service costing and charge backs, and operational transfer pricing.

Edgewater Ranzal has over twenty years of experience and a proven track record enabled by a repeatable methodology. Engage with us for a complimentary 1-day Profitability and Cost Management assessment to develop a clear approach to transform your current state allocation-based business processes. Additionally, understand how the newly released Oracle Profitability and Cost Management Cloud Service (PCMCS) can help modernize your solution.

Step One: Get your team on board

Contact us today to schedule a workshop. Our experts will come onsite to share current trends and how other leading organizations are delivering value with their Profitability & Cost Management solutions.

Step Two: Engage with Edgewater Ranzal

During this 1-day workshop, we will focus on a specific business process or pain point for your organization and provide guidance to establish a clear direction to address from the top down. Our workshop team brings a unique understanding of both business and technical expertise and, more importantly, a vision on how to integrate and leverage your current technology investments.

Step Three: Results Delivered

After completing the workshop, the Edgewater Ranzal team will produce a written deliverable to review and document workshop results, prepare recommendations for future state initiatives, create a high level implementation roadmap, and develop cost estimates to support our findings and recommendations
